ORDER

12
13 This habeas matter come before the Court on petitioner's motion (#14) styled as a
14 motion seeking clarity of the record.

15 Petitioner states that he tendered his show-cause response for mailing in the prison
16 by the June 28, 2012, deadline. However, an assistant federal public defender who checked
17 the online docket for him indicated to him that a response had not been received and filed by
18 the Clerk. The Court can confirm for petitioner that, as of the signature of this order, a show-
19 cause response has not been filed and entered on the docket, and it trusts that petitioner
20 retained a file copy of any response tendered for mailing. The Court will grant petitioner an
21 extension up to and including August 31, 2012, to **file** a response. If a response is not on file
22 by that date, the matter will be dismissed without further advance notice.

23 IT THEREFORE IS ORDERED that petitioner's motion (#14) is GRANTED such that
24 the time for petitioner to file a response to the prior show-cause order is extended up to and
25 including **August 31, 2012.**

26 DATED: July 26, 2012
